**QUIZ PART J – STRUCTURE OF A  
JOURNAL PAPER**

**QUESTION J1: An appropriate title is.....**

A.) Long and focused.                      B.) Summarizes the main topic of the paper

C.) Short and general....                      D.) Long and general

---

---

---

---

---

---

---

---

**QUIZ PART J – STRUCTURE OF A JOURNAL PAPER**

**QUESTION J2: The abstract has to contain**

<p>A.) Topic, Materials, Methods, Finding,</p>	<p>B.) Topic, Materials, Methods, Figures,</p>
<p>C.) Title Materials, Methods, Finding,</p>	<p>D.) Topic, Materials, Machines Finding,</p>

---

---

---

---

---

---

---

---

**QUIZ PART J – STRUCTURE OF A JOURNAL PAPER**

**QUESTION J3: Mandatory parts of the Introduction section:**

<p>A.) Description of the topic, Presenting the „state of the art“ Highlight the problems What is your opinion about the filed</p>	<p>B.) Description of the methods, Presenting the „state of the art“ Highlight the problems What you did and why you did</p>
<p>C.) Description of the topic, Presenting the „state of the art“ Highlight the problems What you did and why you did</p>	<p>D.) Description of the topic, Presenting your previous works Highlight the problems What you did and why you did</p>

---

---

---

---

---

---

---

---

**QUIZ PART J – STRUCTURE OF A JOURNAL PAPER**

**QUESTION J4: Materials and Methods are the palce to write about**

<p>A.) applied materials, test and measurement settings, manual of the machines</p>	<p>B.) applied materials, test and measurement settings, Models and algorithms</p>
<p>C.) applied materials, preliminary results models and algorithms</p>	<p>D.) applied materials, test and measurement settings, working principle of the machines</p>

---

---

---

---

---

---

---

---

**QUIZ PART J – STRUCTURE OF A JOURNAL PAPER**

**QUESTION J5: Results and Discussion can be combined if...**

A.) you do not want to discuss your result....      B.) the scientific discussion is not longer than 200 words  
 C.) the editor asks it....      D.) I do not know how a separated discussion looks like....

---

---

---

---

---

---

---

---

**QUIZ PART J – STRUCTURE OF A JOURNAL PAPER**

**QUESTION J6: The Conclusions section is the place....**

A.) to repeat the most important results      B.) to give a frame for your work  
 C.) to briefly conclude your work      D.) to discuss the findings

---

---

---

---

---

---

---

---

**QUIZ PART P – WHERE TO PUBLISH?**

**WHERE TO PUBLISH?**

*Presenter - Title of the presentation*

---

---

---

---

---

---

---

---

**QUIZ PART P – WHERE TO PUBLISH?**

**QUESTION P1: Where to publish your results?**

**A.)** Nowhere, it is not necessary!  
**B.)** Only on conferences because it is easier!  
**C.)** Go step by step, first youth conferences, later academic conferences and journals.  
**D.)** Try to catch the big fish instantly go to journals...

---

---

---

---

---

---

---

---

**QUIZ PART P – WHERE TO PUBLISH?**

**QUESTION P2: I am going to the conference....**

**A.)** *To get feedback immediately about the my results  
To improve my lecturing skills  
To have the holiday*  
**B.)** To get feedback immediately about the my results  
To improve my lecturing skills  
To publish my most important results  
**C.)** To get feedback immediately about the my results  
To improve my lecturing skills  
To evaluate other researchers  
**D.)** To get feedback immediately about the my results  
To win the awards and earn the money  
To have the holiday

---

---

---

---

---

---

---

---

**QUIZ PART P – WHERE TO PUBLISH?**

**QUESTION P3: Main properties of scientific journals:**

**A.)** journals are specialized  
have been peer reviewed,  
Scientific journal is not a magazine,  
not having rigorous rules of scientific writing  
**B.)** journals are specialized  
have been peer reviewed,  
Scientific journal is not a magazine,  
having rigorous rules of scientific writing  
**C.)** journals are not specialized  
have been peer reviewed,  
Scientific journal is not a magazine,  
having rigorous rules of scientific writing  
**D.)** journals are specialized  
have been peer reviewed,  
Scientific journal is a magazine,  
having rigorous rules of scientific writing

---

---

---

---

---

---

---

---

**QUIZ PART P – WHERE TO PUBLISH?**

**QUESTION P4: Original research paper is.....**

**A.)** usually 2-5 pages, complete descriptions of current research findings, enough details must be supplied, usually longer reviewing process  
**B.)** usually 5-12 pages, not complete descriptions of current research findings, enough details must be supplied, usually longer reviewing process  
**C.)** usually 2-5 pages, complete descriptions of current research findings, enough details must be supplied, usually short reviewing process  
**D.)** usually 5-12 pages, complete descriptions of current research findings, enough details must be supplied, usually longer reviewing process

---

---

---

---

---

---

---

---

**QUIZ PART P – WHERE TO PUBLISH?**

**QUESTION P5: Source Normalized Impact per Year (SNIP) is defined:**

**A.)** Unimportant.... It is too complicated....  
**B.)** as the ratio of the raw Impact per Publication (IPP) divided by the Relative Database Citation Potential. The resulting mean is then divided by the Relative Database Citation Potential  
**C.)** as the ratio of the raw Impact per Publication (IPP) divided by the Relative Database Citation Potential. The resulting ratio is then divided by the Relative Database Citation Potential.  
**D.)** as the ratio of the raw Impact per Publication (IPP) multiplied by the Relative Database Citation Potential. The resulting ratio is then divided by the Relative Database Citation Potential

---

---

---

---

---

---

---

---

**QUIZ PART P – WHERE TO PUBLISH?**

**QUESTION P6: „Predatory journals” are....**

**A.)** useful because of the easy publication!  
**B.)** free of charge!  
**C.)** usually presenting very high fake IF and/or indexing date bases which have very similar names to the real ones  
**D.)** providing valuable services

---

---

---

---

---

---

---

---

**QUIZ PART 5 – STATISTICS**

**QUESTION S3: Which null hypothesis ( $H_0$ ) is not properly formulated?**

**A.)** There is no difference in the taste between Pepsi and Coca-Cola.  
**B.)** The size of the average men shoe in Czech republic does not differ from the average men shoe size in China Republic.  
**C.)** Women are still paid less than the men.  
**D.)** All hypothesis are properly formulated.

---

---

---

---

---

---

---

---

**QUIZ PART 5 – STATISTICS**

**QUESTION S4: When can you suspect that the distribution of your data is not normal?**

**A.)** When the standard deviation (SD) from your data is low.  
**B.)** When the number of the data is small and the standard deviation (SD) is high.  
**C.)** When the mean, median and mode are close to each other.  
**D.)** The distribution of any data is always normal.

---

---

---

---

---

---

---

---

**QUIZ PART 5 – STATISTICS**

**QUESTION S5: To compare the mean value of 4 independent groups of sample you will use...**

**A.)** t-test.  
**B.)** Anova.  
**C.)** It isn't possible to do the statistic.  
**D.)** Regression

---

---

---

---

---

---

---

---

**QUIZ PART 5 – STATISTICS**

**QUESTION 56:** You suspect that the distribution of your data is not normal or you have not enough big population that you could conclude that the distribution is normal. What is the solution?...

A.) Choosing ANOVA                      B.) Choosing U-test (Mann-Whitney).  
 C.) It is impossible to perform any statistics.                      D.) Reject some data

---

---

---

---

---

---

---

---

**QUIZ PART I – ILLUSTRATIONS**

**ILLUSTRATIONS**

Presenter - Title of the presentation

---

---

---

---

---

---

---

---

**QUIZ PART I – ILLUSTRATIONS**

**QUESTION 11:** Which typefaces are recommended to use in illustration, plots, posters, ppts?

A.) Serif fonts                              B.) Roman fonts  
 C.) Sans-serif fonts                      D.) Slab-serif fonts

**QUIZ PART R – REVIEWS**

Visegrad Network  
www.visegradnetwork.org

**QUESTION R1: How do reviewers focus their work?**

A.) The review is usually focused on ethically criticizing your work to ensure the highest quality of publication or presentation.

B.) The review is usually focused on unethically criticizing your work to ensure the highest quality of publication or presentation.

C.) The review is usually focused on ethically criticizing your own work by yourself to ensure the high quality of publication or presentation.

D.) The review is usually focused on ethically criticizing your work by your professor to ensure the highest quality of publication or presentation.

**QUIZ PART R – REVIEWS**

Visegrad Network  
www.visegradnetwork.org

**QUESTION R2: Plagiarism check software are...**

A.) Online services, which check your submission to a conference and compare with available data on internet texts.

B.) Online services, which check every submission in the topic and compares them together, highlighting possible plagiarism between researchers.

C.) Online service, which checks your submission and compares with available data on the internet and online databases, libraries (papers).

D.) Offline services, helping librarians to categorize their available material.

---

---

---

---

---

---

---

---

Visegrad Fund **QUIZ PART R – REVIEWS** 

**QUESTION R3: Usual review outcomes...**

A.) Accept;  
Accept with rejection;  
Minor Accept;  
Accept with major rejection;

B.) Accept;  
Minor Revision;  
Major Revision;  
Rejection;

C.) Accept;  
Minor Rejection;  
Major Rejection;  
Revision;

D.) Rejection;  
Major acceptance;  
Minor acceptance;  
Acceptation;

---

---

---

---

---

---

---

---

Visegrad Fund **QUIZ PART R – REVIEWS** 

**QUESTION R4: An optimal rebuttal is...**

A.) A short letter answering to the editor about your first submission.

B.) A detailed letter answering to the editor about your review reply submission.

C.) A detailed letter answering the reviewers to all of their questions about the paper.

D.) A short letter answering the reviewers to the questions about the submission.

---

---

---

---

---

---

---

---

Visegrad Fund **QUIZ PART R – REVIEWS** 

**QUESTION R5: Usual time for reviews in a decent journal...**

A.) 1-2 weeks

B.) 1-2 months

C.) 1-2 days

D.) 1-2 years.

---

---

---

---

---

---

---

---

**QUIZ PART R – REVIEWS**

**QUESTION R6: An outstanding reviewer at a journal is...**

**A.)** Someone who rejects as many papers as he can.      **B.)** Someone who reviews as many papers as he can.  
**C.)** Someone who had the best review at a journal according to the editor.      **D.)** Someone who did lots of reviews with reliable outcome.

---

**QUIZ PART EA – EXTENDED ABSTRACT**

**EXTENDED ABSTRACT**

*Presenter - Title of the presentation*

---

---

---

---

---

---

---

---

**QUIZ PART EA – EXTENDED ABSTRACT**

**QUESTION EA1: What is the typical size of an extended abstract?**

**A.)** 1 page.      **B.)** 2-10 pages, depending on the conference.  
**C.)** 200-300 words, depending on the conference.      **D.)** There is no size limitation on an extended abstract.

---

---

---

---

---

---

---

---

Visegrad Fund **QUIZ PART EA – EXTENDED ABSTRACT** 

**QUESTION EA5: What is the importance of preliminary results?**

A.) They clarify the topic of the abstract.      B.) They offer a preview to your work state.

C.) They contain future work.      D.) They will not be seen by anyone, so they do not matter.

---

---

---

---

---

---

---

---

Visegrad Fund **QUIZ PART EA – EXTENDED ABSTRACT** 

**QUESTION EA6: What is the first rule of extended abstract formatting?**

A.) Always use Times New Roman font.      B.) Do not exceed font size of 12pt.

C.) 200dpi or more for all images.      D.) Do not deviate from the provided template

---

---

---

---

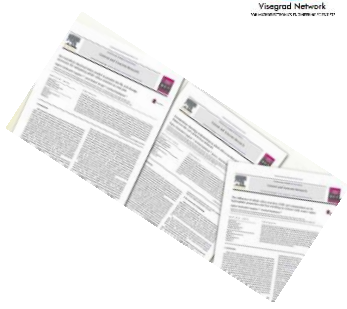

---

---

---

---

---

---

---

**QUIZ PART FP – FINAL PAPER**

**QUESTION FP1: What should you do, if the format for review is not defined?**

**A.)** The formatting should correspond to the final format in the desired journal.     
 **B.)** Any formatting and any widespread format (.docx, .pdf) can be used.

**C.)** The formatting should be consistent and simple, font size 12pt, 1 inch margins, double line spacing.     
 **D.)** A simple formatting should be used, the file for review should be sent in .pdf format.

---

---

---

---

---

---

---

---

**QUIZ PART FP – FINAL PAPER**

**QUESTION FP2: If the reference software manager is used...**

**A.)** The references format can be easily changed.     
 **B.)** References may be automatically loaded according to the written research text.

**C.)** References can be changed only using the specialized software.     
 **D.)** Adding new references is always complicated.

---

---

---

---

---

---

---

---

**QUIZ PART FP – FINAL PAPER**

**QUESTION FP3: A good language editing service...**

**A.)** Replaces the wrong text with the corrected one.     
 **B.)** Inserts comments into your texts.

**C.)** Does the changes and adds comments in the "Track changes" mode.     
 **D.)** Does not correct punctuation.

---

---

---

---

---

---

---

---

 **QUIZ PART FP – FINAL PAPER** 

**QUESTION FP4: References should be...**

A.) Both in the text and at the end of the manuscript.      B.) Only at the end of the manuscripts.

C.) May be placed only in the text.      D.) Never citing self-written articles (self-citations).

---

---

---

---

---

---

---

---

 **QUIZ PART FP – FINAL PAPER** 

**QUESTION FP5: Citation manager is *not*...**

A.) Zotero.      B.) Latex.

C.) Mendeley.      D.) EndNote.

---

---

---

---

---

---

---

---

# SOLUTIONS!

Presenter - Title of the presentation

---

---

---

---

---

---

---

---

**QUIZ PART J – STRUCTURE OF A JOURNAL PAPER**

QUESTION J1: An appropriate title is.....

A.) Long and focused.                      B.) Summarizes the main topic of the paper  
 C.) Short and general....                      D.) Long and general

---

---

---

---

---

---

---

---

**QUIZ PART J – STRUCTURE OF A JOURNAL PAPER**

QUESTION J2: The abstract has to contain

A.) **Topic, Materials, Methods, Finding,**                      B.) Topic, Materials, Methods, Figures,  
 C.) Title Materials, Methods, Finding,                      D.) Topic, Materials, Machines Finding,

---

---

---

---

---

---

---

---

**QUIZ PART J – STRUCTURE OF A JOURNAL PAPER**

QUESTION J3: Mandatory parts of the Introduction section:

A.) Description of the topic, Presenting the „state of the art“ Highlight the problems What is your opinion about the filed  
 B.) Description of the methods, Presenting the „state of the art“ Highlight the problems What you did and why you did  
 C.) **Description of the topic, Presenting the „state of the art“ Highlight the problems What you did and why you did**  
 D.) Description of the topic, Presenting your previous works Highlight the problems What you did and why you did

---

---

---

---

---

---

---

---

**QUIZ PART J – STRUCTURE OF A JOURNAL PAPER**

**QUESTION J4: Materials and Methods are the place to write about**

**A.)** applied materials, test and measurement settings, manual of the machines     
 **B.)** applied materials, test and measurement settings, Models and algorithms

**C.)** applied materials, preliminary results models and algorithms     
 **D.)** applied materials, test and measurement settings, working principle of the machines

---

---

---

---

---

---

---

---

**QUIZ PART J – STRUCTURE OF A JOURNAL PAPER**

**QUESTION J5: Results and Discussion can be combined if...**

**A.)** you do not want to discuss your result....     
 **B.)** the scientific discussion is not longer than 200 words

**C.)** the editor ask it....     
 **D.)** I do not know how a separated discussion looks like....

---

---

---

---

---

---

---

---

**QUIZ PART J – STRUCTURE OF A JOURNAL PAPER**

**QUESTION J6: The Conclusions section is the place...**

**A.)** to repeat the most important results     
 **B.)** to give a frame for your work

**C.)** to briefly conclude your work     
 **D.)** to discuss the findings

---

---

---

---

---

---

---

---

**QUIZ PART P – WHERE TO PUBLISH?**

**QUESTION P1: Where to publish your results?**

A.) Nowhere, it is not necessary!      B.) Only on conferences because it is easier!  
 C.) **Go step by step, first youth conferences, later academic coferences and journals.**      D.) Try to catch the big fish instantly go to journals...

---

---

---

---

---

---

---

---

**QUIZ PART P – WHERE TO PUBLISH?**

**QUESTION P2: I am going to the conference....**

A.) **To get feedback immediately about the my results  
To improve my lecturing skills  
To have the holiday**      B.) To get feedback immediately about the my results  
To improve my lecturing skills  
To publish my most important results  
 C.) To get feedback immediately about the my results  
To improve my lecturing skills  
To evaluate other researchers      D.) To get feedback immediately about the my results  
To win the awards and earn the money  
To have the holiday

---

---

---

---

---

---

---

---

**QUIZ PART P – WHERE TO PUBLISH?**

**QUESTION P3: Main properties of sientific journals:**

A.) journals are specialized have been peer reviewed, Scientific journal is not a magazine, not having rigorous rules of scientific writing      B.) **journals are specialized have been peer reviewed, Scientific journal is not a magazine, having rigorous rules of scientific writing**  
 C.) journals are not specialized have been peer reviewed, Scientific journal is not a magazine, having rigorous rules of scientific writing      D.) journals are specialized have been peer reviewed, Scientific journal is a magazine, having rigorous rules of scientific writing

---

---

---

---

---

---

---

---

**QUIZ PART P – WHERE TO PUBLISH?**

**QUESTION R4: Original research paper is.....**

**A.)** usually 2-5 pages, complete descriptions of current research findings, enough details must be supplied, usually longer reviewing process  
**B.)** usually 5-12 pages, not complete descriptions of current research findings, enough details must be supplied, usually longer reviewing process  
**C.)** usually 2-5 pages, complete descriptions of current research findings, enough details must be supplied, usually short reviewing process  
**D.)** usually 5-12 pages, complete descriptions of current research findings, enough details must be supplied, usually longer reviewing process

---

---

---

---

---

---

---

---

**QUIZ PART P – WHERE TO PUBLISH?**

**QUESTION P5: Source Normalized Impact per Year (SNIP) is defined:**

**A.)** Unimportant.... It is too complicated....  
**B.)** as the ratio of the raw Impact per Publication (IPP) divided by the Relative Database Citation Potential. The resulting mean is then divided by the Relative Database Citation Potential  
**C.)** as the ratio of the raw Impact per Publication (IPP) divided by the Relative Database Citation Potential. The resulting ratio is then divided by the Relative Database Citation Potential.  
**D.)** as the ratio of the raw Impact per Publication (IPP) multiplied by the Relative Database Citation Potential. The resulting ratio is then divided by the Relative Database Citation Potential

---

---

---

---

---

---

---

---

**QUIZ PART P – WHERE TO PUBLISH?**

**QUESTION P6: „Predatory journals” are....**

**A.)** useful because of the easy publication!  
**B.)** free of charge!  
**C.)** usually presenting very high fake IF and/or indexing date bases which have very similar names to the real ones  
**D.)** providing valuable services

---

---

---

---

---

---

---

---

**QUIZ PART 5 – STATISTICS**

**QUESTION S4: When can you suspect that the distribution of your data is not normal?**

**A.)** When the standard deviation (SD) from your data is low.      **B.)** When the number of the data is small and the standard deviation (SD) is high.

**C.)** When the mean, median and mode are close to each other.      **D.)** The distribution of any data is always normal.

---

---

---

---

**QUIZ PART 5 – STATISTICS**

**QUESTION S6: You suspect that the distribution of your data is not normal or you have not enough big population that you could conclude that the distribution is normal. What is the solution?...**

**A.)** Choosing ANOVA      **B.)** Choosing U-test (Mann-Whitney).

**C.)** It is impossible to perform any statistics.      **D.)** Reject some data

---

---

---

---

---

---

---

---

**QUIZ PART I – ILLUSTRATIONS**

**QUESTION I10: What is an Arrhenius plot?**

**A.) Analysing the effect of temperature on the rates of chemical reactions**
**B.) Highlighting the most important among a (typically large) set of factors**

**C.) Assessing how closely two data sets agree**
**D.) Assessing how closely two distribution agree**

---

---

---

---

---

---

---

---

**QUIZ PART R – REVIEWS**

**QUESTION R1: How do reviewers focus their work?**

**A.) The review is usually focused on ethically criticizing your work to ensure the highest quality of publication or presentation.**
**B.) The review is usually focused on unethically criticizing your work to ensure the highest quality of publication or presentation.**

**C.) The review is usually focused on ethically criticizing your own work by yourself to ensure the high quality of publication or presentation.**
**D.) The review is usually focused on ethically criticizing your work by your professor to ensure the highest quality of publication or presentation.**
